

Alexandria Gazette.

MONDAY EVENING, JAN. 27, 1908.

Local Matters.

Sun and Tide Table.

Sun rises tomorrow at 7:10 a. m. and sets at 5:15. High water at 1:57 a. m. and 2:18.

Weather Probabilities.

For this section fair, colder tonight, temperature about 20 degrees. Tuesday fair; brisk westerly winds.

MACHINISTS LAID OFF.

As was stated in the Gazette a day or two ago a discharge was made at the Washington navy yard. In the last day or two about 200 machinists and helpers have been discharged on account of Congress failing to provide sufficient funds to carry on the necessary work at the gun factory. On Saturday 75 more men were discharged. As far as known the lay-off only affected three of the employees living in Alexandria.

Some of the workmen charge the present condition to the activity of the steel trust and "certain private plants that have influenced Congress against the government plant at the navy yard." Several of the dismissed men say they will endeavor to have the navy yard authorities require all the employees to take a term of ten days off, so as to give the dropped men an opportunity to have some work during the winter months or until a sufficient appropriation is made for the full resumption of work at the plant.

DEATH OF JUSTICE TRIPLETT.

Justice Richards O. Triplett, of Fairfax county, whose critical illness had been announced in the Gazette, died yesterday morning at his home, "Round Hill." The deceased was 68 years old. He was unmarried, and is survived by a sister and a brother, Miss Sarah and Mr. George Triplett. During the civil war the deceased served in Mosby's command. Afterward he returned to Fairfax county, where he took up farming. At one time Mr. Triplett represented Fairfax county in the State legislature, and he also served as a member of the board of supervisors, representing the Mount Vernon district. For about twenty-five years he held the position of magistrate, which he had at the time of his death. The remains will be taken to this city and the funeral will take place shortly after noon tomorrow. Members of Lee Camp, C. V., will attend the services at the interment, which will be in the Presbyterian cemetery.

MIDNIGHT STORM.

Between nine and ten o'clock last night a heavy southeast wind set in, which continued until after midnight. The wind came in heavy flaps, and rain followed later. During the downpour there were some vivid flashes of lightning and heavy thunder. The wind subsequently changed to the northwest and cooler and fair weather has prevailed today. At daylight this morning there were many evidences of the power of the wind. Limbs which had been twisted from trees were lying in the streets, as well as bricks from chimneys, portions of gutters, &c. Panes of glass were blown out of the windows of many residences. There was some hail in the western portion of the city.

WILL FIGHT EXTRADITION.

Lucian Mareno is now the only one of the party of nine gypsies held by the police of this city, the others having been released. Mareno is being held for the authorities of Council Bluffs, Iowa. He is charged with abduction. As was stated in the Gazette, Sheriff T. F. McCaffery of Pottawatomie county, Iowa, came here Saturday afternoon with requisition papers for Mareno. The requisition was honored by Gov. Swanson. Mareno will fight extradition and he has retained Mr. R. D. Brunback and the latter, this morning, instituted habeas corpus proceedings in the Corporation Court to prevent Mareno being taken back by the Iowa authorities. The writ is returnable Wednesday.

POLICE COURT.

[Justice H. B. Cato presiding.] The following cases were disposed of this morning:

Reese Morrison, colored, suspected of larceny, was held.

A white man, charged with disorderly conduct, forfeited \$5 collateral by failing to appear. Another man charged with being a party to the disorder was fined \$5.

Albert Stewart, a colored boy, charged with stealing papers, was turned over to his father for correction.

UNUSUALLY LOW TIDES.

The heavy northwest wind of Thursday night last caused the lowest tides seen on the Potomac for a long time. The channel banks on both sides of the river were laid bare and it seriously interfered with navigation. The ferry steamer was the greatest loser as no teams could be gotten on deck on account of the extreme low water in the docks here and in Washington. It had the effect of changing Mr. Joseph Moore's steam yacht Runaway into a submarine steamer, for she took a dive Friday and is still under water.

WINSATT HELD UNDER BOND.

In a report to Inspector Boardman, chief of the Washington detectives, Detective Warren, who is in New York, stated Saturday that Harry Winsatt, recently arrested in that city for complicity in the robbery of several thousand dollars' worth of street car tickets from the Hamilton Bank Note Company, was held by United States Commissioner Shields under \$3,000 bond for his appearance in Washington.

MISSING COUPLE LOCATED.

Mr. A. Powell Brooks and Miss Delilah E. Watkins, who disappeared a week ago, have, it is said, been located. They are now in Orange. The announcement of their marriage was learned yesterday morning by Mr. William F. Brooks, father of the bridegroom. The intelligence came in a letter from a prominent business man at Rapidan, Orange county, which Mr. Brooks received, in which it was stated that the couple had been spending the past few days at that place, and were married. It was also stated that the couple had departed from there presumably on their way to Norfolk. Chief Goods telegraphed the Norfolk authorities to ascertain whether or not the couple were in that city.

A telephone message was received at the police station in this city today from the Chief of Police of Washington stating that he had received a message from Orange, Va., which stated that Mr. Powell Brooks and Miss Delilah Watkins were registered at the Piedmont Hotel at that place as man and wife. The sender of the message who signed himself "Disinterested," stated that the couple were still at Orange. This evening Special Agent Connelly of the Southern Railway telegraphed to a friend in this city from Orange, that Mr. and Mrs. Brooks were in that town.

INJUNCTION.

On Saturday night W. N. Jackson and others, trustees of Mount Jezreel Baptist Church, colored, situated on north Payne street, secured an injunction from Judge Barley restraining Rev. Alexander Wilbanks from preaching in that church yesterday. A meeting was subsequently held in the church which continued till midnight and which at times became so exciting that Chief Goods and a squad of policemen entered for the purpose of keeping order. Another meeting was held yesterday afternoon at which the excitement was still in evidence. Rev. Wilbanks, who was a former pastor of the church, resigned last November, but a few days ago one of the trustees invited him to preach in the church and he accepted the invitation. He learned yesterday, however, that the injunction had been secured, so he remained in Washington. Sergeant Cox was on hand yesterday with the injunction papers to serve upon the preacher had he attempted to enter the church. The trustees and the former preacher have been at odds for some time.

DEATHS.

Mr. Stephen Smith, a well known resident of north Columbus street, died at his home this morning. The deceased leaves a widow and one son. Mr. Smith came to this city from Ireland and was a paver by occupation. He was a member of Alexandria Division, Ancient Order of Hibernians.

Milton Earl, the eight-year-old son of Mr. Ernest Kidwell, died at his parents' home, Addison, Alexandria county, last night.

Lee, the infant daughter of Mr. Thos. J. and Mrs. Rachel L. Marshall, died at her parents' residence, 132 north Payne street, yesterday.

PLEASANT ENTERTAINMENT.

Mrs. Barton Mercer, 2622 13th street northwest, Washington, entertained the members of the Allison W. O. T. U. at her home last Thursday afternoon. In spite of the storm that was raging, a good number was in attendance. After an interesting business session Mrs. Mercer led the way to the dining room where all were served bountifully with the delicacies of the season. A good time was experienced by all.

O'Reilly Fogarty, who is a member of the City Council at Kingston, Jamaica, West Indies, writes as follows: "One bottle of Chamberlain's Cough Remedy had good effect on a cough that was giving me trouble and I think I should have been more quickly relieved if I had continued the remedy. Badly Mixed Up.

Abraham Brown, of Winterton, N. Y., had a very remarkable experience, he says. "Doctors got badly mixed up over me. One said heart disease; two called it kidney trouble; the fourth, blood poison, and the fifth stomach and liver trouble; but none of them hit me; so my wife advised trying Electric Bitters, which are restoring me to perfect health. One bottle did me more good than all the five doctors prescribed." Guaranteed for blood poison, weakness and all stomach, liver and kidney complaints, by all druggists, 60c.

A Doctor's Opinion.

In an address which the president of the Central States Waterworks association declared to be one of the ablest ever delivered before that body Dr. S. L. Jepson of Wheeling, W. Va., said: "Politics and water are chemically incompatible" and together cannot produce the best water. Municipal ownership of waterworks is apt to run into politics, and this means a down grade in men and methods, with consequent impure administration and impure water as well."

Dr. Jepson is entitled to an opinion on the subject, for his city is cursed with a political waterworks.

Rejected.

Some months ago the city council of Fairbault, Minn., appointed a committee to investigate the local lighting plant with a view to purchasing it. Finding that it was just about self sustaining and that municipal ownership offered no prospect of any saving to the city or private consumers, the committee made an adverse report, which was unanimously adopted.

Politicians are often men who, not being able to manage their own affairs, are not deterred thereby from taking charge of those of the government. Likewise there be people who, not being able to successfully manage their own affairs, volunteer to take charge of the delicate affairs of others.—Elbert Hubbard in Philistine.

Bad Stomach Trouble Cured. Having been sick for the past two years with a bad stomach trouble, a friend gave me a dose of Chamberlain's Stomach and Liver Tablets. They did me so much good that I bought a bottle of them and have used two bottles in all. Today I am well of a bad stomach trouble.—Mrs. John Lowe, Cooper, Maine. These tablets are for sale by W. F. Creighton and Richard Gibson.
